Took prerequisites while pursuing degree in Social Work.

## TECH SKILLS

Angular 7

.NET Core 2.2

.NET Entity Framework 6

C#

HTML5

CSS3

Git Hub / Team Git

Agile Methodologies

VS Code

VS Community

## EXPERIENCE

### **Home, Various Co-ops —** *Stay-At-Home Mother,* *Homeschool Teacher*

AUGUST 1999 - MAY 2017

Not only was lead teacher for my own four children, but also was lead teacher for various classes throughout the years. I have primarily taught science, etymology, Robotics, and Literature. I assisted in other classes and also took the lead position in various extracurricular activities including a Girl Scout alternative called Keepers At Home. Another leadership role consisted of serving on the steering committee in the capacity of assistant to the head of the co-op. This included scheduling responsibilities and leading the team in selecting the curriculum for the following year.
